Principal's foreword

Introduction

We are pleased to present the Woongarra State School Annual Report 2012 to parents of our school and to the wider community. This report outlines important information about our school's organisation, curriculum offerings and the teaching and learning environment that characterises Woongarra State School. It also provides details about staff qualifications and the key focus areas of professional development undertaken in 2012. The learning outcomes of Woongarra students in literacy and numeracy are detailed with reference to the National Assessment Program for Literacy and Numeracy (NAPLAN) tests. The report also includes a brief summary of the levels of parent and student satisfaction with Woongarra State School.

Woongarra State School continues to uphold its reputation as a welcoming and supportive environment for all students, staff and families, as well as its high standards of academic excellence. Woongarra has always been considered a country school with a country atmosphere. Although only situated some seven kilometres from the Bundaberg Central Business District along Elliott Heads Road, Woongarra State School is lucky enough to have a rural setting, situated amongst cane fields. Our manicured grounds are evidence of the pride we have in Woongarra and being Woonies.

School progress towards its goals in 2012

The results of NAPLAN testing in Years 3, 5 and 7 were statistically similar to those of 2011 in all areas of Literacy – Reading, Writing, Spelling, Grammar and Punctuation and in Numeracy, and were comparable to the national average. All results were comparable to those of similar schools in all areas, apart from Year 3 Writing and Year 5 Grammar and Punctuation. The results for those two areas were substantially above those for similar schools.

With regard to the upper two bands, however, Years 3 and 7 were statistically below the national average in Spelling, Grammar & Punctuation and in Numeracy, and Year 5 similarly but only in Reading. This of course gives the school a focus for 2013.

Queensland State School Reporting

2012 School Annual Report

Future outlook

The population growth in Woongarra's catchment area – especially on the coast, has led to a large expansion in the student numbers, with the result that Woongarra has adopted an Enrolment Management Plan. The school is limited by its infrastructure, especially the reliance on tank water and a septic sewage system.

In terms of our core business, we are proud of the learning culture that we have established, and of the results of our recent school audit of curriculum and teaching. The main curriculum focus is now the implementation of the *Australian Curriculum* in English, Maths and Science, History, with a view to this latter subject being fully implemented in 2013. As a result of QCAR, the intensive grounding in the integration of assessment and reporting into the planning process, as well as a renewed concentration on pedagogical practice, stands the teachers in good stead. All classes will engage with the C2C units of work as they are provided, and participate in cluster moderation of student work. A process of creating "A" exemplars and explicitly forefronting assessment will add to the alignment of planning, assessment and reporting.

Literacy and Numeracy have been a particular emphasis in 2012, informed by student performance in both NAPLAN and school-based assessment. The appointment of a Literacy Coach, through the National Partnerships program, has been of significant benefit, both to improving student learning, and to the depth and quality of pedagogical practice. Her continued employment will ensure a strong focus on Reading in 2013, as indicated in the *Annual Implementation Plan 2013*. The emphasis on collaborative planning and moderation will be strengthened, and staff will engage in goal setting and coaching feedback to both reflect upon, and improve, teaching practice.

Some of the priorities identified in the *Annual Implementation Plan 2013* are, in brief, as follows:

Literacy Priority

Develop a shared understanding and pedagogical practice of the 5 reading procedures i.e.:

1. Reading Aloud (students);
2. Modelled reading;
3. Shared Reading;
4. Guided Reading; and
5. Independent reading.

Embed comprehension strategies into the reading procedures, and use these reading procedures as a focus for Instructional Leadership to build teacher capacity through observation and feedback.

Interpret reading data (e.g. NAPLAN, Pat R, Benchmarks) to develop student reading goals.

Ensure early processes are in place to identify possible U2B students (commencing in Prep).

Numeracy Priority

Develop introductory routines to lessons that address key aspects of student needs with regard to Number, as identified through NAPLAN and internal data sources.

Build on teachers' prior professional development experience with *First Steps in Mathematics*.

Share pedagogical expertise of Maths teachers at Kepnock SHS, for which Woongarra is a feeder school.

Ensure a range and balance of assessment tools are being used (diagnostic, formative and summative) to support quality teaching, assessment and reporting.

Art and Science Of Teaching

Develop and implement an overarching Curriculum Framework based on ASOT.

Investigate and begin to implement questions 1 and 6 of the ASOT framework: (1. What will I do to establish and communicate learning goals, track student progress and celebrate success? 6. What will I do to establish and maintain classroom rules and procedures?).

Engage in professional development days focusing on the implementation of ASOT.

Year 7 Move to Secondary School

Liaise with feeder Secondary Schools.

Develop protocols around leadership arrangements re 2014 (School Leaders, House Leaders, camps, assemblies, graduation and other ceremonies).

Develop a communication strategy with community regarding relevant changes.

Commence the development of strategies concerning staffing and resource allocations.

Additional priorities are:

Parent and Community Engagement Strategy; Implement the Australian Curriculum; Targeted Strategies to maintain and increase student numbers in the Upper 2 Bands (NAPLAN); Teaching & Learning Priorities from 2011 Audit Recommendations.

Queensland State School Reporting 2012 School Annual Report

Woongarra continued with our strong involvement with Coral Coast Cluster projects especially with Kepnock's Science Centre for Innovation & Professional Practice (SCIPP) and the REAL project. In addition, we remained closely aligned with our neighbouring high schools, especially Kepnock SHS, to facilitate seamless transitions for our students, including our students with Special Needs, and to engage in jointly-funded programs such as *Science Spark/ Primary Connections*.

Woongarra also intends to maintain our positive relationship with Central Queensland University, as well as mentoring student teachers from other universities, students from TAFE and Work Experience students from several local high schools.

Queensland State School Reporting

2012 School Annual Report

School Profile

Coeducational or single sex: Coeducational

Year levels offered in 2012: Prep - Year 7

Total student enrolments for this school:

| | Total | Girls | Boys | Enrolment Continuity (Feb – Nov) |
|------|-------|-------|------|-------------------------------------|
| 2010 | 462 | 235 | 227 | 91% |
| 2011 | 470 | 234 | 236 | 94% |
| 2012 | 478 | 238 | 240 | 95% |

Student counts are based on the Census (August) enrolment collection.

Characteristics of the student body:

Woongarra enjoys a fairly stable enrolment pattern with transience not being a problem. Enrolments have been steadily increasing to the point that the development of a school management plan to limit enrolments became necessary. The school can safely contain a maximum enrolment of about 500 students. Students are predominately from supportive families, some of whom are of Indigenous, European or Asian ethnicity.

Average Class sizes

| Phase | Average Class Size | | |
|-----------------|--------------------|------|------|
| | 2010 | 2011 | 2012 |
| Prep – Year 3 | 21 | 22 | 22 |
| Year 4 – Year 7 | 29 | 27 | 23 |

School Disciplinary Absences

| Disciplinary Absences | Count of Incidents | | |
|---------------------------------|--------------------|------|------|
| | 2010 | 2011 | 2012 |
| Short Suspensions - 1 to 5 days | 9 | 2 | 3 |
| Long Suspensions - 6 to 20 days | 1 | 0 | 0 |
| Exclusions | 0 | 0 | 0 |
| Cancellations of Enrolment | 0 | 0 | 0 |

2012 School Annual Report

Curriculum offerings

Our distinctive curriculum offerings:

- Instrumental Music – Brass, Woodwind, Percussion and Strings;
 - Junior and Senior Choirs - Bundy In Bloom, Eisteddfod performances;
 - Interschool sport;
 - Athletics, including cross-country;
 - Camps (Years 5 and 7);
 - Robotics;
- Woongarra has been a “Reef Guardian” School since August 2004.

Extra curricula activities

- Book Week activities;
- Lunchtime games room;
- Author/Illustrator visits;
- Life Education;
- Premier’s Reading Challenge;
- ANZAC Day ceremony;
- Human Relationships Education for Year 6 students (provided by Family Planning Queensland);
- Starlab “Cosmodome” visit.

How Information and Communication Technologies are used to assist learning

Woongarra has two computer laboratories which are in constant use. Computers are regarded as an essential tool for learning and are integrated into many aspects of the curriculum. They are frequently used as a vehicle for the assessment of student work. Specialized lessons are offered to Years 1-7 with all classes working towards appropriate levels of efficiency in skills built sequentially through the years. The robotics program at Woongarra has continued successfully in Year 7 with the students taking out several awards in the *Robotics Challenge* held at CQU.

Interactive whiteboards, including those purchased through the *National School Pride* project, enhanced the potential for engaging students with ICT programs and rejuvenated pedagogical practice throughout the school. With the introduction of C2C units of work, this technology has become mandatory from Prep to Year 7.

Teachers all used their government-issued laptops for planning, assessment and reporting. The transition to *One School*, the state-wide database, also simplifies record-keeping, including behaviour management data. The introduction of C2C online learning has resulted not only in engaging students in interactive online learning, but also in upskilling teaching staff in the integration of ICT into their daily routines.

Innovations have included the use of digital technology such as bloggies, iPads and iPod touches, and programs such as Photostory, Edstudio, Mindstorms, Audacity and Easi-speaks to record and edit some aspects of student work. The “blue room” located in the resource centre provides an excellent venue for filming.

Our school at a glance

Social climate

As indicated by both our parent and staff opinion surveys, Woongarra has a highly supportive parent group, and sits within a community that, while growing, remains fairly consistent in terms of values relating to, and expectations of, schooling.

Teachers and ancillary personnel form a supportive and cheerful staff with solidarity ensured through open communication and regular professional and social events. There are many occasions when staff gives selflessly of their time outside school hours to celebrate student achievements or to take part in camping programs and excursions.

Students are encouraged to help each other, in particular, the Year 6/Prep Buddy Program highlights the way in which older children care for younger ones. *Better Buddy* awards are given regularly at assemblies.

Behaviour management, while not an area of concern at Woongarra, is assisted by a consistent and forefronted approach, guided by the mantra of the "5 B's": *Be Respectful; Be Responsible; Be Positive; Be Proud; and Be Tolerant*. In 2011, one of our Year 7 School Leaders and one of our Music teachers collaborated to write our school song which incorporates the 5 B's in its lyrics, and therefore helps the students to internalise the words. Hearing all the children singing the school song is quite an uplifting experience.

To improve support for students, Woongarra successfully applied for a Chaplain. She has proved a real asset to the school - engaging students who are outside the mainstream, assisting the Guidance Officer with establishing a lunchtime activities program, helping with our Friday morning breakfasts (provided through the Christian Heritage Centre), and providing a sympathetic ear for students and parents who have chosen to access her time.

Parent, student and staff satisfaction with the school

As indicated by our parent opinion survey, Woongarra has a highly supportive parent group who are very satisfied with the education provided at the school.

As indicated by our staff opinion survey, teachers and ancillary personnel form a supportive and cheerful staff who are very satisfied with, and supportive of, the school.

As indicated by our student opinion survey, students are generally very satisfied with the education provided at the school.

Performance measure (Nationally agreed items shown*)

| Percentage of parents/caregivers who agree that: | 2012 [#] |
|--|-------------------|
| their child is getting a good education at school | 93.3% |

* Nationally agreed student and parent/caregiver items were incorporated in the School Opinion Survey in 2012.

Percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement. Due to changes to the School Opinion Surveys in 2012, comparisons with results for previous years are not recommended.

DW = Data withheld to ensure confidentiality.

Involving parents in their child's education

The partnership with parents is regarded as a vital component of successful student learning at Woongarra, and we therefore create as many opportunities as possible to involve families in school life. Communication is transparent and frequent through not only the weekly newsletter, but also through face-to-face contact, regular class letters home, phone calls when necessary and of course regular reporting on students' progress through school reports and formal interviews.

Parent volunteers are always welcome and all classes avail themselves of parents' talents and assistance throughout the year. Several parents have undertaken the TAFE Certificate 3 for Teacher Aides and are supported by specific teachers. Our Parents and Citizens' meetings are very well-attended, our tuckshop has a secure supply of parent helpers and we have received positive feedback through the Parent Opinion Survey. This all attests to the welcome the parent body appreciates at Woongarra.

A number of events throughout the school year have become traditions at Woongarra strongly supported by families. The school ANZAC Day commemoration service and the Coastal Sports afternoon in preparation for district sports (which Woongarra hosts) are just some of the traditions of which we are very proud. Involvement of parents in these occasions frequently leads to their increased participation in the learning/teaching aspects of school.

Reducing the school's environmental footprint

Data is sourced from school's annual utilities return and is reliant on the accuracy of these returns.

The amount of use of electricity would have been expected to increase following the air-conditioning of all work spaces, as well as the majority of classrooms now using interactive whiteboards on a daily basis. Despite staff and students being coached in how to manage the use of these and other appliances (eg. lights, computers) for energy efficiency, the increase in kWh could be explained by the increase in the sheer amount and usage of electrical resources in this technological age.

Care with water use has always been a focus, as the school is on tank and bore water, not mains supply.

| | Environmental footprint indicators | |
|-----------|------------------------------------|----------|
| | Electricity kWh | Water kL |
| 2009-2010 | 114,826 | 0 |
| 2010-2011 | 118,004 | 0 |
| 2011-2012 | 122,900 | 0 |

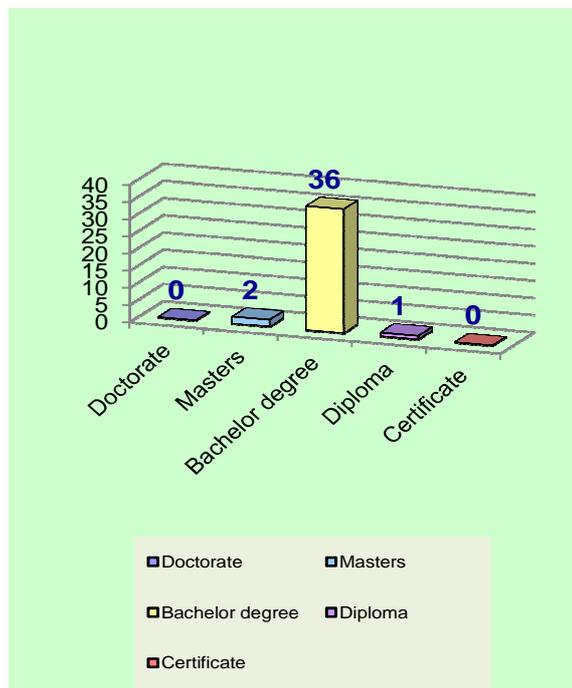

Our staff profile

Staff composition, including Indigenous staff

| 2012 Workforce Composition | Teaching Staff | Non-teaching Staff | Indigenous Staff |
|----------------------------|----------------|--------------------|------------------|
| Headcounts | 39 | 18 | <5 |
| Full-time equivalents | 31.4 | 10.8 | <5 |

Qualifications of all teachers

| Highest level of attainment | Number of classroom teachers and school leaders at the school |
|-----------------------------|---|
| Doctorate | 0 |
| Masters | 2 |
| Bachelor degree | 36 |
| Diploma | 1 |
| Certificate | 0 |

Expenditure on and teacher participation in professional development

The total funds expended on teacher professional development in 2012 were \$4395.72.

The major professional development initiatives are as follows:

- * ACARA agenda;
- * QSA Conference;
- * English as a discrete subject;

The proportion of the teaching staff involved in professional development activities during 2012 was 100%.

Our staff profile

Average staff attendance

| | 2010 | 2011 | 2012 |
|--|-------|-------|-------|
| Staff attendance for permanent and temporary staff and school leaders. | 96.8% | 96.5% | 96.5% |

Proportion of staff retained from the previous school year

From the end of the previous school year, 97.8% of staff was retained by the school for the entire 2012 school year.

Student Attendance Distribution

The proportions of students by attendance range.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

Rolls are marked at the start of each morning and immediately after lunch. Rolls are sent to the Office every Friday and entered on One School. Absences are recorded as illness (I), holidays (H), sport (S), other (O), unauthorised (J) or unexplained (U).

With the introduction of a new phone system the school now has a dedicated "absence line" for parents to report their children's illnesses or other reasons for absence.

In the case of unexplained absences contact is made with the caregivers, either by the class teacher or the office personnel. Should long-term absences occur and contact attempted by the class teacher or office personnel unsuccessful, the Deputy Principal or Principal will attempt contact with the family. Once reasons are established for the absence, appropriate action is taken to ensure that the children concerned are able to attend school regularly. If there are issues which appear to be related to the care/safety of the children in the home environment, appropriate agencies (eg. Department of Child Safety) are approached.

Performance of our students

National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9.

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

If you are unable to access the internet, please contact the school for a paper copy of our school's NAPLAN results.

Achievement – Closing the Gap

According to the 2012 NAPLAN results in Reading and Numeracy, the Year 3 Indigenous students at Woongarra demonstrated that they met or exceeded the system aspiration for those curriculum areas.

Attendance of Indigenous students is not a statistically significant problem, with an average attendance rate of 87.7%.

Indigenous students with difficulties in Literacy have been receiving extra in-school tuition from a teacher employed for 6 hours per week.

Indigenous parents are very supportive at Woongarra, both in terms of their individual children's learning, but also with promoting relevant Indigenous issues with staff and students. Some have made presentations to classes relating to specific curriculum programs around Indigenous issues.
