Our school strategies are showing substantial progress toward our targets

After reviewing our *Great Results Guarantee* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Employ quality researched teaching and learning strategies which ensure all (100%) students in Years 3,5,7 achieve and exceed NMS in numeracy and literacy by 2014
- Increase the percentage of students in the upper two bands in reading in year 3 from 28% 2011 to 38% in 2015.
- Provide support for all students in Prep to Year 2 in ensure students reach or exceed NMS in literacy and numeracy
- Provide student support programs in literacy and numeracy for those who will not reach NMS

Our strategy was to:

- Review student performance data in each term in reading (evidence based in Stars reading comprehension data and reading benchmarking each term.)
- Allocate human/material resources to differentiate learning needs.

We employed these strategies to great benefit of our students. Our reading coach worked closely with all teaching staff to improve teaching instruction through modelling and observation and feedback to teachers. Additional teachers and teacher-aides were used to work with small groups of students identified from testing, especially in the early years.
